

## HARDING'S DOCTOR DENOUNCES 'DRYS' ON LIQUOR FOR SICK

Let Physicians Do the Prescribing,  
Sawyer Urges, in Debate  
With Wheeler.

(Special from a Staff Correspondent of The Evening World.)

WASHINGTON, June 23.—An impromptu joint debate between Brig. Gen. Sawyer, the President's personal physician, and Wayne B. Wheeler, general counsel for the Anti-Saloon League, featured an executive session of the Board of Trustees of the American Institute of Homoeopathy yesterday afternoon, when the Volstead Law and the restrictions on the right of physicians to prescribe alcoholic stimulants was taken up.

The closed session adopted a resolution vigorously denouncing the existing enforcement regulations affecting physicians and made an added protest against the contemplated restrictions in the supplemental Volstead bill. It is expected that the convention itself will adopt the resolution to-day.

The discussion before the homoeopathic physicians' organization is said to have had nothing to do with the merits or demerits of the proposition of prohibiting alcoholic liquors for beverage purposes.

The way in which Wheeler got into the picture has brought comment among the delegates to the convention. When the time came to take up the question of the abridgment of the rights of physicians in prescribing for patients, it seems that word was sent over to the new Commissioner of Prohibition, Roy Haines, asking that the Government have a representative attend the executive session. To the surprise of all when the hour arrived, Wheeler, the general counsel of the Anti-Saloon League, appeared and started a harangue against liquor for medicinal purposes.

Before any of the visitors could reply, Gen. Sawyer, who is a member of the homoeopathic organization and who was in the hall, arose and challenged Wheeler. While those who were present will not reveal all the details, they say that the President's physician was a "whirlwind," and being a representative of the Administration, which will determine the policies to be allowed in these mat-

ters, he soon had Wheeler "up a tree." He attacked the proposition of laymen attempting to tell physicians what they should prescribe.

### PRISONER LEAPS FROM CAR.

Was Being Brought From Knoxville to New Jersey—Fate Not Known.

PHILADELPHIA, June 23.—Edward H. Stone, Deputy Sheriff of Burlington County, N. J., reported to the Philadelphia police to-day that while he was bringing two men, charged with stealing an automobile, from Knoxville, Tenn., to New Jersey, one of them jumped from a train window in the vicinity of Perryville, Md., last night. He is James Fletcher of Philadelphia. The conductor would not stop the train and it is not known here whether Fletcher was hurt in his leap or not.

### K. OF C. ON A CONEY FROLIC

A fleet of forty eight-wheeling buses will be used to transport 2,000 members and friends of Bronx Council, Knights of Columbus, on their annual auto outing to Coney Island. The procession will leave the club house, Park Avenue and 158th Street, this evening. Ten of the largest councils in Brooklyn have notified Grand Knight Maurice Conway and Lecturer Sam Kelly of Bronx Council that their members will line the route in different sections of Brooklyn and blaze a red light trail for the Bronx frolicers.

### NO PROOF OF BURNED BODY.

Kings County Prosecutor Finds No Basis for Story of Stokely.

District Attorney Lewis reported yesterday that he had been unable to obtain any evidence to substantiate a report that the body of a sailor, supposedly that of Caesarine Farine Vecino, was burned in the vicinity of Robins Drydock, Brooklyn. Vecino was last seen on the Morgan Line steamship El Mundo, Nov. 10, just before one of her oil tanks exploded. The report was that two months later, when the ship was hauled into the Robins Drydock for repairs, portions of a body were found in the uptake and were burned. One report was that they were burned in a furnace on the ship and another that the incineration took place in a lot.

### DOESN'T LIKE SUBWAY.

Georgetown Finds Underground Travel Worse Than Jungle.

The Rev. Theophilus Momofo Gardiner, who will be consecrated Suffragan Bishop of Liberia this morning at the Church of the Incarnation, said yesterday he found it much easier to go through the jungles of Africa than through the subway. The roaring and shrieking, he said, are much more terrifying than the roar of any lion. Dr. Gardiner is fifty-one years old. He was born in the jungle and ran wild until he was ten years old. He was found by missionaries.

## A New Color--Some Good Sales--Summer Comforts

### The smart uncorseted figure must be corseted

Paris adores the *souple* grace of uncorseted lines, and upon them persistently creates her costumes.

Aware that most women cannot become gracefully uncorseted, Paris has designed corsets—and we have copied them—so slightly stayed yet so cleverly constructed of soft pliable materials that, while they restrain and support the figure, they give to it the smart corsetless appearance.

We have an interesting collection of these corsets designed for all types of figures.

—the very soft slip-on kind of surgical elastic, \$15 to \$40.  
—the somewhat firmer type that hooks in front—made of alternating panels of silk figured broche (or satin) and surgical elastic, \$6.95 to \$19.50.  
—corsets with lacing in back and hooks in front—fashioned of silk jersey or tricot and lightly boned, \$19.50 and \$30.

B. R. A. S. S. I. E. R. E. S.—very long—designed to wear with these corsets—in crepe de chine, satin, silk jersey, brocade or lace, \$3 to \$5.75.

### Women's Knit Wool Sports Capes

The full length sports cape made of soft knit wool, and equipped with a large brushed wool collar, is now seen at every smart country club and at every seaside.

They are most practical to wear over one's sports clothes or summer frocks, to throw on in the motor, or to wear on cool days in the mountains.

\$13.75 to \$39.50.  
In tan and blue stripes, in coral and gray, black and white and other lovely combinations.  
Second Floor, Old Building

### Pretty Porch Frocks \$1.95 to \$3.65

Were \$2.95 to \$5.75

Simple frocks of gingham, lawn or voile, that were made to our order this spring. The sizes in the various models are not complete, so we reduce them for quick disposal.

Varied and attractive styles. Colors, quite numerous—nearly every color you can imagine.

### Introducing— Pill Box RED

This exquisite new red—which is neither cerise nor flame, but something of both—is the newest color to which Paris gives her favor.

It is a color that flatters both the fairest blonde or darkest brunette. It is a remarkable foil for fair complexions and soft hair.

We have developed hats and blouses in this color to give sparkle and charm to your summer wardrobe.

We invite your inspection.

### Friday—First Time Since May, 1919

### Sale of the well-known NOFADE Shirts

At a price that sounds almost unbelievable... **\$1.95**

The last sale of these celebrated shirts in New York City was held by us in May, 1919—two years ago. We have tried hard since then to get more NOFADE shirts underprice, but it couldn't be done. However, a new condition has arisen; and a change in the business activities of the makers has brought us 7,200 of these fine shirts to offer at this low price. Naturally, there are more patterns and colors than we can describe in this announcement; and the fabrics are these:

Woven crepes

Satin stripes

Woven madras

Dimity cords

Fine madras

Some have separate collars to match

Russian cords

Corded madras

Some have separate collars to match

The word "NOFADE" means all that it says—COLORS are guaranteed NOT TO FADE from washing, perspiration, or Old Sol's rays; and every shirt is made in a strictly high-grade way. No skipping; no cutting of corners to save material or cost.

And the sizes are 13½ to 18—another unusual feature.

## Calling on the reserves brings about 300 of our \$50 and \$55 Suits—\$33

A big store like this needs a big reserve stock of men's clothing—sizes, styles, fabrics and such. And when the June clearaway time comes—the end-of-the-season readjustment period—floor stocks are reduced first, and then the reserve stocks are gradually called in and reduced in the same proportion.

Here, in this group, are herringbones, hairlines, shepherd checks, fancy mixtures, and plain shades of gray in worsteds, chevots, cassimeres and flannels. The models are single and double-breasted—suitable for fathers and sons. This is Wanamaker clothing—made in our standard way—the same identical grades that we carry season after season. The reduction is positive.
